Today we'd like to introduce you to Paul Jackson. Them and their team share their story with us below:

Based in Jacksonville, FL, Let's Ride Brass Band is bringing "That Duval Sound" to the rest of the world. Taking the form of a traditional New Orleans brass band and morphing it into a high-energy sound that we like to call, THAT DUVAL SOUND.

Founder, Paul Jackson Live, cast this 15 piece ensemble with young, experienced, talented, and educated musicians. Our roster is professional and diverse. From intense training in classical, jazz, music theatre, and music theory, we have formed the perfect group for that "Let's Ride" sound. Adding that Real Brass to Hip-hop, Funk, and Jazz Fusion! The intensity of the band's energy is fueled by their desire to inspire others.

The band understands that music is a universal language and it can be used to lift spirits, bring smiles, and move hips! While working on their original album, they have been "riding out" to all your favorite music. So, "Let's Ride" y'all!

**We all face challenges, but looking back would you describe it as a relatively smooth road?**

We have a large band, 15 people, so getting everyone on the same page every weekend sometimes poses its own challenges! But everyone's willingness and commitment to what we do allows us to keep going up and growing to bigger and better shows!

**As you know, we're big fans of you and your work. For our readers who might not be as familiar what can you tell them about what you do?**

We are a brass band, so that alone makes us different! We aren't all horns, we also have rhythm sections (keys, guitar, and drums) allowing us to bring a unique sound and energy to any venue! We have one album out called, "Roller Coaster" and are about to release our second!

**Where do you see things going in the next 5-10 years?**

The entertainment business, in general, took a hit because of covid, but now is back and stronger than ever! We are busier than we ever have been! We being a brass band, have been able to work through Covid playing outside and street shows, so no it's even more!
